

What & Where is the Porta Portal?

The Porta Portal is a web site where I can create folders of bookmarked Internet links to resources for teachers and students.

You can find the link on the left side of the Library Web Page.

PortaPortal Guest Password

The screenshot shows a web browser window with the address bar displaying <http://www.portaportal.com/>. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. A search bar with the text "Live Search" is located in the top right corner. The website's header features the "portaportal.com" logo. A left sidebar contains several navigation buttons: Home, Signup, Help, QuickStart, FAQ, Privacy, and Contact. The main content area is titled "Welcome to portaportal." and describes the service as a web-based bookmarking utility. It includes a "Member Login" section with fields for "User Name" and "Password", a "Log In" button, and a "Remember passwords" checkbox. Below the login section is a link for "forgot your password???" with a "Click here...." sub-link. A "Guest Access" section contains a "Guest Name" field with the text "skeckley" and a "Visit" button. At the bottom of the main content area, there are two user testimonials. The "Ads by Google" section at the bottom right lists links for "Lesson Plan Teaching", "Employee Portal", "Private Schools", and "Students School".

Welcome to portaportal.

Portaportal is a web based bookmarking utility that lets you store links to your favorite websites online. Now your bookmarks are no longer limited to any one machine.

So, [signup](#) for a free account today

You can create your own portal, look at the [sample](#) for ideas!

Then, the next time you come across a website that you like, simply copy the URL, come here and add it to your portal. This way no matter where you are when you surf the web, the bookmark will be waiting for you!

If you already have an account you can login at right. If you have an account, but forgot your password, we can help. [click here to get a reminder.](#)

"Thanks so much for providing the service. It is a WONDERFUL management tool for educators. As I use the internet daily in the classroom this really saves me time - a click of the button and I am at the sites I need. The kids don't get bored while I peck away trying to type in an address!"

THANKS for this great service you provide. Every seventh grader can remember portaportal and they use teacher's portaportal for school work, long after they have finished my class. Plus it saves my life every time my laptop has to be reimaged!
